Vice Principal

9/30/2016

Dear Parent/Guardian,

In accordance with New Jersey Statutes Annotated, N.J.S.A. 18:7C-6.6 New Jersey School Districts are now required to annually notify parents by of upcoming State and Federally required standardized testing as well as any other commercially developed standardized assessment to be administered in the upcoming school year. Depending on the grade that your child or children are in, these assessments may vary.

On the next page you will see a table of the Federal and State assessments. Please note that the testing windows are the full range of time that the Department of Education allows school districts to complete testing for the entire district. The actual testing time for your child or children might be spread out over several days and will not take more than a few hours depending on the assessment. Parents of students receiving accommodations in accordance with their Individualized Education Plan or 504 Plan should contact their child's case manager or guidance counselor if you have questions.

You can also visit the New Jersey Department of Education's assessment web page on the DOE website at <http://www.state.nj.us/education/assessment/>. There will find additional information and resources.

Sincerely,

Jeannine DeFalco
Superintendent
Knowlton Township School District
