Superintendent

Dana Gruszecki
Vice Principal

SCHOOL LUNCH AND BREAKFAST PROGRAMS

Children may purchase a balanced lunch at a nominal cost. This includes milk and fruit. The lunch program is operated as part of the National School Lunch Program and all menus meet their requirements. Ice cream and other snacks are available for an extra charge.

Children who choose to carry their lunch may purchase half pints of milk also at a nominal cost.

All students will be issued an ID card with their name and a bar code on it. This card will be scanned in the cafeteria when a student purchases lunch, milk or snack. Parents may use the order form (available online or in the main office) to put money on their child's account or, money may be sent in daily for any purchases. Parents are also able to add to their child's account online using our parent portal. Information and instructions on this are sent home in September. If a student makes a purchase and does not have money in their account, an automated call will be generated and sent out to the parent. After receiving a call, parents should access their child's food service account via the parent portal for more information or call the main office. Students will not be able to purchase snack if there is no money in their account. No post dated checks please.

Our school also participates in the School Breakfast Program. Students interested in breakfast should inquire about the program in the main office.

Free and Reduced Lunch Application Forms are distributed to all students on the first day of school in September or upon registration if the student starts mid-year.

Any questions concerning lunch related issues may be directed to the main office. (908) 475-5118, ext. 200.
