# Mrs. Werner's Classroom News

## NOTES

We had such a fun-filled Read Across America Week!! Our school is SO lucky to have had so many fantastic reading opportunities this week! We dressed up, we got to meet and listen to author, Paul Czajak, and we enjoyed a number of fun reading activities in our classroom!

## WHAT WE ARE LEARNING

**ELA:** We learned all about pronouns, reviewed story structure, and enjoyed homophone/homograph activities. Next week, we will start writing our James and the Giant Peach debate and learn about Readers Theater.

**Science:** We were amazed to realize that many items around our school are made from rocks: bricks, sidewalks, steps, clay flower pots, etc. We also examined different sandpapers and created sculptures using sand. Next week, we will create our own clay beads and bricks for further exploration of small rocks and their usages.

**Math:** We started learning about time today! We will continue to learn about hours, minutes, am/pm next week!

## UPCOMING EVENTS

### Reminders:

- 3/6: Spelling test (homophones)
- 3/7: Mr. Tanen's Tie Trouble test
- 3/9: Chapter 7 Math test (money and time)
